Dear Ms. Hanley:

On June 24, 2003, I conducted an aerial survey for gypsy moth-caused tree defoliation at Fort Necessity National Battlefield and Friendship Hill National Historic Site. I am pleased to report that no defoliation was detected at, or in the vicinity of, your sites.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2004, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 22, 2003.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

Rodney L. Whiteman
